

Flame of Faith United Methodist Church is deeply grateful for our Builders Club partners around the conference. Our ministry in West Fargo continues in the midst of a growing community and we have been hindered by our parking lot with unsafe mud, and unhelpful angles in snow. We are grateful for the incredible response of the Builders Club and will use the money to update our lot and strengthen our ministry here in this place.

As we heard at Annual Conference this year about the incredible work of the inherited church and the work beyond our doors, we seek to blend our ministry and continue to be the neighbor Christ calls us to be.

Thank you for your generosity and continued support of ministries across the Dakotas.

May God guide us all in ministry and love for the world,  
Pastor Sara McManus  
Flame of Faith UMC, West Fargo, ND
