

***Loving God,***

***In the face of these floods that have swept through our lands, we turn to you, seeking comfort and strength. Our hearts are heavy with the losses endured by our communities—homes, possessions, and the sense of security that comes with them. Yet, we stand firm in our faith, knowing that best of all, you are with us in every trial and tribulation.***

***We pray for those whose lives have been upended by the rising waters. Shelter them with your grace, provide for their needs, and surround them with your loving presence. Grant them courage and resilience as they navigate this difficult journey of recovery.***

***Bless the hands and hearts of all who are working tirelessly to provide relief and aid. Infuse their efforts with your boundless compassion and energy. May our collective actions reflect your love and bring hope to those who feel overwhelmed by despair.***

***Guide our leaders and decision-makers with wisdom and clarity as they address the needs of our communities. Inspire them to make choices that uplift and protect the most vulnerable among us.***

***As we rebuild and restore, help us to remember that you are our refuge and strength, an ever-present help in trouble. May our faith in you fortify our spirits and unite us in service and compassion.***

***In the name of the One who is able to calm the raging waters, we pray.***

***Amen***
